In Britain, the age of new imperialism marked a time for significant economic changes. Because the country was the first to industrialize, Britain was technologically ahead of many other countries throughout the majority of the nineteenth century. By the end of the nineteenth century, however, other countries, chiefly Germany and the United States, began to challenge Britain's technological ...

## **New Imperialism - Wikipedia**

Imperialism is a policy or ideology of extending the rule over peoples and other countries, for extending political and economic access, power and control, through employing hard power especially military force, but also soft power. While related to the concepts of colonialism and empire, imperialism is a distinct concept that can apply to other forms of expansion and many forms of government.
